

Parent Update

NOOSH Break and Enter

Unfortunately NOOSH was broken into on Tuesday 5th August. A number of items were stolen and the premises was heavily vandalised. The Police are investigating and we have supplied them with our video footage. Thank you to Ian Frank who has been very helpful in retrieving this data.

Due to the regularity in which the centre is targeted for vandalism the Committee has decided it is time to improve the level of security. This includes placing bars on the low rise windows (in an effort to prevent people from climbing in), security doors to be fitted and investigating a back to base alarm system. If parents have further security suggestions please advise the Committee.

Thank you to Mr Beggs for working with our Director Benjamin and the staff to ensure the children were well cared for on Wednesday morning.

NOOSH Gardens

The NOOSH gardens will be undergoing a revamp towards the end of term. We will be hiring a landscaping service to re-mulch the children's play area, prune existing plants and replace some of the tired looking vegetation. The service will also include a regular maintenance plan. You will see a big improvement in the coming weeks!

NOOSH Director Position

The Vacant Director Position is currently being advertised on seek.com and the Network of Communities. Becklyn are assisting us with the recruitment process and will complete the initial interview with potential candidates. If you would like to view the advertisement please visit <http://www.seek.com.au/job/27039468> In the meantime Benjamin will continue as centre Director for the remainder of his contract.

Paula Bourke
